## VIEW FROM THE CAB

Wow! What a difference a few weeks makes.

By now most of you have had e-mails regarding the various edicts the board has had to respond to over the last couple of weeks. And I am sure most of you know that we were ordered to close, as a non-essential business or enterprise, effective last Thursday. So I hope our Train Club family is weathering the crisis as well as you can and that you are all keeping safe.

Working alone, Doc has been completing the storage room/workshop by building out several shelves and sealing the floor on the west side of the room.

I have made a couple of visits, again alone, to check on some items relating to our inventory of equipment and furnishings. The place is looking good, and ready to open again as soon as we are given the 'All-Clear' from the Governor.

We will likely cancel the April Monthly Meeting at the Bethany Library because I think the State of Emergency will last through most of April. The board will continue to address issues by e-mail or phone as necessary.

I've asked the committee chairs who manage our different gauge displays to hold off on further spending in 2020 as we are going to fall well short of our budgeted income. Sponsors will be hard pressed to support us if they are having problems maintaining their own payroll, and we should not press them until this economic crisis has passed.

I am sure we will weather this as a club and without any major changes to our future operations. Our reserves are adequate to get us through 2020.

Stay well and keep your spirits up.

*John Hodges*

### Dennis Whitlock 1951-2020

A familiar face in the clubhouse  
...he will be missed.
