## ENGINEER'S TWO CENTS

It's August, and I've just had a brilliant thought. But, I bet you think I have brilliant ideas all the time! My thinking is that if I make this column shorter, there would be more room for pictures in this issue. Since we have very little going on, I'll keep this short.

Trains are running on the new O gauge layout! What great progress we've made and it has been a team effort all along with skills from all gauges taking a hand. Add to that the progress the G gauge guys have made on their alterations, and we are moving right along on our planned improvements.

We have certainly picked up the pace in visitors at the club also, even so much as having over 30 visitors on a Wednesday evening recently. We hope the improved numbers continue.

Once again I need to remind the members that we have an open seat on the board, that of Dispatcher (Public Relations Officer), and we are still looking for a Club House Manager.

That will do it for preaching for this month. Enjoy the last month of summer and hopefully we'll see each of you at the club house or at our next meeting, September 13<sup>th</sup>.

John Hodges

If you're traveling this Summer, here are some train rides you might enjoy:

### NORTH CAROLINA

The Tuckasegee River Excursion is an unforgettable experience offered through **Great Smoky Mountains Railroad**. Your journey starts in Bryson City. For four and a half hours, you'll travel through the beautiful countryside of western North Carolina. You'll pass through the Cowee Tunnel, and movie buffs will be excited to see *The Fugitive* movie set. You'll take a fun, hour-long pit stop in historic Dillsboro. Explore shops, find goodies, and grab a bite to eat before you hop back on board.

### NEW YORK

The **Arcade & Attica** scenic railways in Western New York features open-air cars and themed trips like wine tastings and holiday celebrations. Passengers board at the **Medina Railroad Museum** for leisurely excursions along the scenic Erie Canal in vintage 1947 Budd passenger coaches.

*Step back in time aboard the last operating steam train excursion in New York State . . . we are an authentic operating short line railroad. We hold the distinction of being one of the last "common carriers" - running freight and passenger trains weekly. "Welcome Aboard The Train To Yesterday . . ."*

### WEST VIRGINIA

Nestled in the mountains of West Virginia, Cass Scenic Railroad State Park offers excursions that transport you back in time to relive an era when steam-driven locomotives were an essential part of everyday life. Trips to Cass are filled with rich histories of the past, unparalleled views of a vast wilderness area, and close-up encounters with the sights and sounds of original steam-driven **locomotives**.
